

## Launch of Dapiga | 18<sup>th</sup> of May 2023

We are thrilled to announce that Novugen has launched **Dapiga** on 18th of May 2023. **This has made us the FIRST to launch the dapagliflozin generic in Malaysia!**

**Dapiga** is used to lower blood glucose reading and to slow the progression of chronic kidney disease as well as to reduce the risk of cardiovascular death and hospitalization for heart failure in adults. Additionally, **Dapiga** helps with weight loss, reduces blood pressure, and slows the progression for dialysis treatment.

The launch of **Dapiga** marks another significant milestone for Novugen which symbolizes our passion and commitment to provide high quality and affordable medicines for Malaysian patients today, and global patients in the future.
