

## Novugen in U.S.'s Drugstore Management Magazine 2023 – 2024 Issue

Once again, we are featured in one of U.S.'s largest subscribed magazines for pharmaceutical industry - DrugStore Management annual publication for 2023 – 2024 issue to emphasize on our mission and deep passion to accelerate high quality, affordable medicines - produced in the heart of Southeast Asia, Malaysia to the U.S.

Novugen's rapid expansion in the global market is driven by the prowess of our people through worldclass facilities, continuous investment in R&D and global presence in different parts of the world.

These are the reflection of our unwavering purpose and commitment to challenge the status quo by developing high barrier medicines to enhance the wellbeing of many lives in every corner of the world.
